

CPC10111 Certificate I in Construction

Details

The CPC10111 Certificate I in Construction qualification is an introductory course to the construction industry for a person with no previous connection to the construction industry or relevant employment history. This course will provide an introduction to the construction industry's culture, occupations, job roles and workplace expectations, and will cover essential work health and safety requirements.

The course contains eight (8) core units of competency that are:

CPCCCM1012A Work effectively and sustainably in the construction industry

CPCCCM1013A Plan and organise work

CPCCCM1014A Conduct workplace communication

CPCCCM2001A Read and interpret plans and specifications

CPCCCM2005B Use construction tools and equipment

CPCCWHS1001 Prepare to work safely in the construction industry

CPCCOHS2001A Apply OHS requirements, policies and procedures in the construction industry

CPCCVE1011A Undertake a basic construction project

PLUS three (3) elective units of competency that are:

CPCCCM2004A Handle construction materials

CPCCCM2006B Apply basic levelling procedures

RIIWHS204D Work safely at heights

Locations

Brisbane

Rockhampton

Student Rights/Information

Occupational Skills Centre Australia (OSCA) provides all students with information on its training services and information, and on the rights of the students prior to enrolling into a course. Please refer to the Student Handbook

All learning and assessment materials will be provided by OSCA

Students will be required to complete written and practical assessments for this course – practical assessments are completed in a simulated construction work environment

Outcome

Students will learn skills and knowledge to assist them in undertaking a job outcome qualification, or will facilitate entry into an Australian Apprenticeship. For units of competency successfully completed during the course students will receive a nationally recognised Statement of Attainment from the Construction, Plumbing and Services Training Package. Students who successfully complete all units of competency within the course will receive the CPC10111 Certificate I in Construction nationally recognised qualification.
